Mr Harold Weisberg
Dear Mr Weisberg,

I have tried to obtain your book, Whitewash 3 - The Photographs, but have been unable to find it in any of the bookstores in New York. Enclosed find money order which will cover the cost of book, and please send me a copy as soon as possible. I have read your first 2 books, Whitewash I & II. I have also read all of the books of the critics of the Warren Report, and I have the 26 volumes of testimony and "evidence" of the Warren Commission and the Warren Report 888 page book also at home. In addition, I have approximately 27 hours of tape recordings of programs on TV & radio in which yourself, Mark Lane, Wesley J. Liebler, Louis Nizer, Edward J Epstein, Jim Garrison, and others, pro & con Warren Report, have appeared in debate. From the day of the tragic assassination I have saved ~~and~~ and collected all available material information, also including all newspaper reports, inadequate and incomplete though they may be, and I have saved all of this material & have mentioned in chronological order and listing. I consider you, Mark Lane, Jim Garrison among others, the true patriots of this country. I include myself. We all loved our late president. We are all fed up and

disgusted and angered with the way the government has tried to suppress the truth about the facts surrounding, and culminating in President Kennedy's death. You have labored hard and long and zealously. So has Mark Lane, so has Jim Garrison, and so has Sylvia D. I tried to get in touch with Mr Lane but was unsuccessful. I wanted his advice on something I have thought of doing. I have written a letter to Mr. Garrison in New Orleans and am awaiting his reply. I sent him a letter last week. In this letter, I told him that my 2 week vacation from my job at Coca Cola Bottling Company starts on the 15th of September, and that I have plans to travel to New Orleans with the expressed desire to, in some way, assist him. I have offered my tape recordings and services to him, free of charge of course, because as Mark Lane said, and rightfully so, "this case is more important than any personal considerations". I agree, and I hope you do also. I also have a plan to have circulars printed up and to distribute these circulars to the people of this country, with the expressed intention of obtaining petitions drawn up in large numbers, and in this way, added

to other ideas I have in mind, force the government & the "powers that be" in this country to re-open the National Archives, and to de-classify documents for one, and to allow the viewing of photographs and X-rays of the President's body so that we, as citizens of this country can ascertain the facts of the assassination. This is a democratic society and a free country. As the "Constitution of the United States" asserts, it is a government "of the people, by the people, and for the people." Therefore, I agree that so-called "Consensus from Above" be imposed upon in this case. In my opinion, and it's a very considered opinion, we have been "spoon-fed" by the various governmental agencies of this country, the conclusions of a false report, the Warren Report. I, along with many others, some of whom I know personally, don't want to wait another 70 years or so, as the government says we should, to find out everything concerning my president's slaying. I intend to take steps to know right now, as soon as is possible!

Mr. Weisberg, I respect your views. They coincide with my own on this matter. I would sincerely hope that you will reply to me ~~in this~~ by letter or whatever, and possibly advise me as to what we, as Americans

must do. I think that too much time has gone by without the majority of people in this country making their feelings known and insisting that the Archives, for one thing, be opened to the public and to have a thorough investigation, this time. There are "times in history" when the people must speak up to right wrongs. Let history record the fact that at this time, they did! The government is representative of the people in a free society. There are many things further I could say about this situation but it would only be redundant and I'm sure you are intelligent as evidenced in your books. Please get in touch with me on this important matter. I will be awaiting your reply. I remain Ted Gandolfo.

P.S. I, of course, will also be awaiting a copy of your latest book, Whitewash #3, The Photographs. I am sure that the 6 dollars money order which is enclosed will be enough to pay the price of the book. I don't know exactly what the exact price is.

Thank you.
Ted Gandolfo.
